

“The World Around Me” Workshop

Enroll your “high-spirited”, impetuous, unpredictable “angel” in our camp, and let us help improve their social behavior at school, home, and elsewhere.

This is a fun, fast paced camp that is designed to reinforce positive social skills that are necessary in school, and at home. Through positive reinforcement and role-play, kids learn the benefits of education, teamwork, sharing, articulation of ideas, and a sound value system. Kids learn that life can be demanding and fun at the same time! This camp is *perfect* for preparing your child to return to school ready to learn! We specialize in kids that have been diagnosed with ADHD, ADD, and other learning disabilities.

Course itinerary includes excerpts from the following: the “Total Transformation Program”, “Bullying Prevention”, “Journey to a Caring Classroom”, “Teamwork & Working Together”, and Martial Arts.
This summer only – 50% off!!!
